

## **OWAMMO's Gathering Rules and General Information**

Thank you for showing interest in our event. Please read through the list of rules, below. All participants eighteen (18) years of age or older will be required to sign a copy of this form that will be provided at the OWAMMOs Event. If any participant has a guest attending with them who is under age 18, that participant will also be responsible for their underage guest including making sure that the underage guest understands and follows these rules.

OWAMMOs Gathering Event hours at the Hollister YMCA are from 8:00 am to 4:45 pm or so on Friday and 8:00 am to 4:00 pm on Saturday.

As a courtesy to other attendees, blank name tags will be distributed to everyone. Please fill out your own name tag (and one for any guests attending with you), and wear them throughout the event. Thank you.

### **OWAMMO"s Gathering - EVENT RULES:**

1. All participants are expected to provide their own eye and ear protection to be used when needed.
2. All participants in any event, demonstration, lecture or other, are expected to know and practice appropriate safety techniques. If you aren't sure what the appropriate safety techniques would be, it's your job to ask someone.
3. All items changing hands, whether swapped or sold, are received 'as is' and the buyer assumes responsibility for the item. No general warranties or warranties for a particular purpose are made, and none should be assumed, as to items swapped or sold.
4. All participants acknowledge that any and all equipment, machines, motors, etc., acquired at OWAMMO's are potentially hazardous to put into use; and the participant accepts sole and total responsibility for any and all damage and/or harm which might occur as a result of putting any such item(s) into use.
5. Participants are responsible for their own rigging, safety, and protective measures when moving and loading equipment.
6. We expect to have a 1500# capacity shop crane available for participants to use to assist in unloading and loading machines and equipment. Use of this shop crane is at your own risk. Do not overload it. If it is damaged as a result of using it beyond its capacity, you will be responsible for its repair or replacement.
7. Participants are responsible for securing their own loads properly prior to leaving the OWAMMO's grounds. (If you are not fully aware of how to properly secure a load, please do your homework and read up on how to safely haul items in a pickup truck bed or on a trailer. Securing a load properly is a very important matter.)
8. No security officer will be on duty, and the grounds where OWAMMO's are held are not secure. Individuals are responsible for securing their own property.

Thank you!
